Song: How Much is That Doggie in the Window?

November, November, it's November.
N - O - V - E - M - B - E - R
The Indians met up with the Pilgrims,
Who came over on the Mayflower.

November, November, it's November.
N - O - V - E - M - B - E - R
The Pilgrims were tired , cold and hungry.
Their Indian friends helped them out.

November, November, it's November.
N - O - V - E - M - B - E - R
The Pilgrims were thankful for their new friends.
And gladly shared Thanksgiving chow.

November, November, it's November.
N - O - V - E - M - B - E - R
We're thankful for food & friends & family
